

## The Opportunity

ZVP invests in early Israeli startups with strong teams, proven products, and clear plans, taking advantage of low entry costs and surging demand in defense and security.

Zed Venture Partners

## How We Seize this Opportunity

Deep expertise in **AI technology**, **Defense-Tech**, and **Israeli high-tech** enables us to identify exceptional founders and technology.

Unique **VC Scale with an Angel's Touch** approach to efficiently commercialize and scale our portfolio companies.

## Our Focus

We focus on early-stage companies form the foundation of the Israeli high tech sector.

**Dual use:** the potential for growth in either the civilian or defense-tech market.

**AI-driven:** Leveraging AI's potential to offer unprecedented efficiency, scalability, automation, and predictive capabilities.

**We love race horses over unrealistic unicorns:**

We prioritize high success rates over high returns per success.
